Re: U.S. Patent No. : 6,970,587 B1
Issued : November 29, 2005
Title : USE OF COMPUTER-AIDED DETECTION SYSTEM
OUTPUTS IN CLINICAL PRACTICE
Docket No. : ICA 0004 IA/32524.36

Sir:

When the printed patent claims were compared with the attorneys' file copy, the following errors were noted:

Col. 5, line 48 "(microprossors" should read --microprocessors--;

Col. 11, line 8, " $0 \leq g \leq g_{\max}$," should read -- $0 \leq g \leq g_{\max}$ --;

Col. 14, line 4 " w_{ij} ," should read -- w_{ij} --;

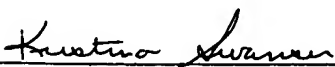

Col. 14, line 57 " $z_1 - z_2 \geq \theta$," should read -- $z_1 - z_2 \geq \theta$ --; and

Col. 16, line 41 " \mathcal{R} denotes" should read -- \mathcal{R} denotes--

It is thought that these errors are not of material importance, and accordingly no certificate of correction is being requested. It is merely asked that this correspondence be placed of record in the file as calling attention to these errors.

Respectfully submitted,

DINSMORE & SHOHL, LLP

Kristina E. Swanson, Reg. No. 53,657
